Annual Report 2021-2022

Indian Red Cross Society

ANNUAL REPORT 2021-2022

Our Principles....

*** Humanity * Impartiality * Neutrality *
* Independence * Voluntary Service * Unity *
Universality ***

Indian Red Cross Society
is an entity of over 1100
Red Cross Branches.

Neither the National
Headquarters nor the
branches are by themselves
the Society.

It is their collectivity
inter-woven together
that makes up the
Indian Red Cross Society.

They inspire, encourage and initiate at
all times, all forms
of humanitarian activities
so that human suffering is
minimized, alleviated &
even prevented
....and thus contribute to creating a
more congenial climate for peace.

Smt. Droupadi Murmu
Hon'ble President

Dr. Mansukh Mandaviya

Hon'ble Chairman

Honorary Treasurer

Shri M.P.Gupta

Honorary Legal Advisor

Shri. Nikhil Goel

Dear Stakeholders,

It is our pleasure to present the Annual Report of the Indian Red Cross Society (IRCS) for the year 2021-2022. The year was a period of new challenges and responses for the organization, and this report highlights some of them.

During FY 21-22, IRCS continued to provide a wide range of programs and services to support vulnerable populations across the country. Our health programs, including blood donation, immunization, and first aid training, reached millions of people across the country. We also expanded our disaster response and recovery programs, providing critical assistance to affected communities in the aftermath of natural and man-made disasters.

IRCS recognizes the importance of partnerships and collaborations in achieving our mission, and we continued to work closely with local authorities, civil society organizations, and international partners to expand our reach and impact. We also established new partnerships with the private sector, NGO's and multilateral funding agencies to expand access to life-saving medicines.

Volunteers have always been at the heart of the Red Cross Movement, and during the year, IRCS expanded its volunteer engagement programs, attracting more young people and women to volunteer with the organization. Our volunteers contributed significantly to our programs and services, providing critical support in health services, disaster response, and blood donation programs.

The COVID-19 pandemic presented unprecedented challenges for IRCS, and we quickly adapted our programs to respond to the crisis. We provided essential services, such as personal protective equipment (PPE), medical supplies, and support to health facilities. We also launched awareness campaigns to educate communities on preventing the spread of the virus.

As we look ahead, IRCS remains committed to expanding its programs and services to support vulnerable populations across the country. We will focus on strengthening our disaster response and recovery programs, enhancing our volunteer engagement, and expanding our partnerships and collaborations to achieve our mission.

We are proud of the achievements of the Indian Red Cross Society during the year, and we would like to thank our donors, partners, and volunteers for their unwavering support. With their continued support, we are confident that we can achieve our mission of building a more resilient and inclusive society.

Sincerely,

R.K Jain, IAS (Retd)

Secretary General

92nd Annual Report 2021-2022

INDIAN RED CROSS SOCIETY: AN INTRODUCTION

The Indian Red Cross is a voluntary humanitarian organization having a network of over 1100 branches throughout the country, providing relief in times of disasters/emergencies and promotes health & care of the vulnerable people and communities. It is a leading member of the largest independent humanitarian organization in the world, the International Red Cross & Red Crescent Movement. The Movement has three main components, the International Committee of Red Cross (ICRC), 192 National Societies and International Federation of Red Cross and Red Crescent Societies (IFRC).

The Mission of the Indian Red Cross is to inspire, encourage and initiate at all times all forms of humanitarian activities so that human suffering can be minimized and even alleviated and thus contribute to creating more congenial climate for peace.

- Indian Red Cross Society (IRCS) was established in 1920 under the Indian Red Cross Society Act and incorporated under Parliament Act XV of 1920.
- The IRCS has 36 State/Union Territory Branches with their more than 1100 district and sub district branches.
- Hon'ble President of India is the President and Hon'ble Union Health Minister is the Chairman of the Society.
- The Vice Chairman is elected by the members of the Managing Body.
- The National Managing Body consists of 19 members, including the Chairman.
- The Chairman and 6 members are nominated by the President. The remaining 12 are elected by the state and union territory branches through an electoral college.
- The Managing Body is responsible for governance and supervision of the functions of the society through several committees.
- The Secretary General is the Chief Executive officer of the Society.

DISASTER RECOVERY & RESPONSE

This section provides an overview of our activities and achievements in the areas of disaster response and recovery during the year.

During the year, IRCS responded to several emergencies in various parts of the country, including natural disasters, such as floods and earthquakes, and man-made disasters, such as conflicts and pandemics. Our teams provided critical assistance to affected communities, including shelter, food, water, sanitation, and health services.

In addition to our emergency response efforts, IRCS also focused on building the capacity of communities and local partners to prepare for and respond to disasters. We conducted training sessions on disaster preparedness and response, community-based first aid, and psychosocial support to empower individuals and communities to be better prepared for disasters.

During the year heavy rainfall, cyclone, cold wave and incidents of fire affected many parts of the country. State/UT branches namely **Andhra Pradesh, Bihar, Gujarat, Jammu & Kashmir, Kerala, West Bengal, Uttarakhand, Telangana, TamilNadu, Puducherry, Ladakh, Maharashtra, Gujarat, Punjab, Uttar Pradesh, and Uttarakhand** were affected badly by floods, cold wave, fires, and cyclones. IRCS immediately responded to the disasters and dispatched relief materials from existing stocks at different warehouse.

The status of relief material dispatched during 1st April 2021 to 31st March 2022.

Major Highlights:

- Hon'ble Chairman IRCS & Minister of Health & Family Welfare Dr. Mansukh Mandaviya flagged off Red Cross supplies of blankets, medicines & other relief material for the people of Jammu & Kashmir, Ladakh, Himachal Pradesh & Uttarakhand on 29th October, 2021. The flag off function was held at Nirman Bhawan.

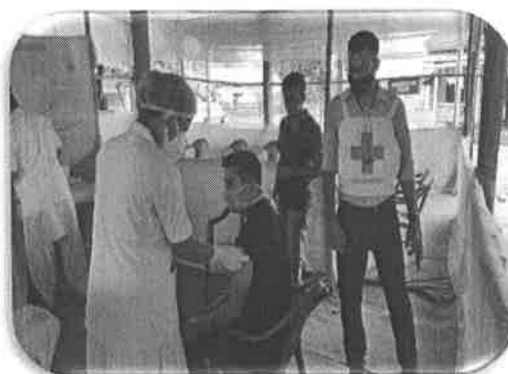

CYCLONE TAUKTAE and YAAS; During the FY 2021-22, the situation became critical with the landfall of **cyclone YAAS & TAUKATE** affecting millions of people in coastal regions of India. Cyclonic storm 'Tauktae' affected five States namely Gujarat, Maharashtra, Goa, Karnataka, Kerala and one UT of Dadra and Nagar Haveli and Daman and Diu (DNH&DD), and Cyclone 'Yaas' affected three States namely Odisha, West Bengal and Jharkhand.

IRCS emergency response teams worked alongside the govt. authorities to evacuate people at-risk in coastal areas, providing first aid & relief items, such as tarpaulins, kitchen sets, hygiene kits & buckets etc. following critical COVID-19 prevention measures.

COVID-19 RESPONSE

The COVID-19 pandemic presented unprecedented challenges to our operations, but we quickly adapted our programs to respond to the crisis. We scaled up our preparedness and response to tackle the Corona pandemic by initiating a myriad of activities, including distributing food, dry ration, blankets, hygiene kits, masks, sanitizers, gloves, PPE kits, test kits, ventilators, oxygen concentrators, oximeters, etc. During the outbreak, volunteers were trained and awareness & prevention programs were conducted to sensitize vulnerable communities. During the pandemic, IRCS was also designated by Govt. of India as the sole consignee for all the foreign aid in kind. The global community, which includes the governments of several countries, partner National Red Cross & Red Crescent Societies, IFRC, ICRC, associations of Indians living abroad and People of Indian Origin (PIO) extended their helping hand in supporting the efforts in the country in its fight against the pandemic.

➤ Foreign aid from several countries and individuals during Second Wave of COVID-19 Pandemic

- During April-June, 2021, India suffered the second wave of Covid-19. During that period the management of human resources was also a challenge and management of foreign donation was a huge task at that time. To manage this crisis, a Covid task force was set up under the leadership of Secretary, Ministry of Health & Family Welfare with the representative from the major stakeholders including IRCS. IRCS was also appointed as consignee of behalf of Govt. of India for receiving the international aid during Covid-19.
- IRCS (NHQ) successfully & smoothly got custom clearance of every consignment with minimum delay and handed over the supplies to HLL, the logistic partner of MoHFW, for further distribution.
- A team of two officers, one each from the Ministry and IRCS (NHQ), worked hard to manage and handle traffic data support information of flights, liaison with donors, foreign embassies, MoEA, Niti Aayog for completion of desired paper works for custom clearance, coordination with other stakeholders deputed at various airports, maintaining master database and tracking sheet and liaison with MoHFW and HLL and documenting other best practices and procedures adopted during the emergency situation. The task was very hectic and required enhanced interpersonal relations, patience and mutual cooperation.
- From April- June 2021, India started receiving supplies of Oxygen Cylinders, Ventilators, Oxygen Generation Plant, Oximeters, Oxygen Concentrators, lifesaving drugs like Remdesivir, Tocilizumab and many other preventive medical relief items from nearby 53 countries. This task of receiving aid, as a sole consignee was undertaken to the entire satisfaction of all the stakeholders.

Highlights

- Over 50,000 volunteers were on front with medical and other humanitarian supplies.
- All American Physicists of Indian Origin (AAPi), All American Physicians of Indian Origin (AAPi), OPPO India, Board of Control for Cricket in India (BCCI), Air Bus Foundation, JIAN- YUYUE, Federation of Indian Association (US) and several other associations, groups, and others donated oxygen-related equipment, oximeter, and masks etc. to IRCS, NHQ.
- To assist the patients, several branches established Oxygen Concentrator Banks and oxygen plants.
- 80 oxygen cylinders were provided under covid response to Red Cross hospital in Seemapuri, New Delhi.
- In response to global appeal launched by IFRC, Geneva, the IFRC received about INR 164 crores. IFRC logistics team made purchases and delivered agreed items to IRCS in kind. They drafted a National Society Domestic Response Plans (NSRP) under which following procurements were made and the supplies started.
- 114 vehicles consisting of negative pressure ambulances, ALS ambulances, BLS ambulances, blood collection vans and testing/mobile clinic vans.
- Equipping all existing blood centers.
- Equipment supports for new blood banks.
 - 3,49,000 Hygiene Kits,
 - 1,00,000 Tarpaulins,
 - 1,00,000 Blankets,
 - 75,000 Kitchen Sets,
 - 10,000 Jackets
 - 2000 Oxygen Concentrators.
- Additionally, ventilators and oxygen concentrators were donated by other National Societies.
- With the assistance of the Canadian government, the Canadian Red Cross has donated one large oxygen plant and fifteen smaller oxygen plants to Red Cross and other free service providing hospitals in the country.
- Personal protective material distribution by the branches included over 1.50 crores of face masks, 2 lakh PPE kits/gowns, 1.50 lakh hygiene kits, 20 lakh soaps, 18 lakh liters of sanitizers etc.

➤ The branches through their volunteers also distributed/ provided over 3 crore cooked meals/food packets. The branches also distributed medicines worth Rs. 45 lakhs, ran 77 quarantine and isolation centers, vaccinated more than 10 lakh people and helped perform over 6.50 lakh covid tests.

- In total, 4,240 blood donation camps were held during the second wave, and more than 2.65 lakh units of blood were collected. The branches also put 250 ambulances into action and provided medical care for patients at their 98 hospitals, PHCs and polyclinics.
- Red Cross ran 219 helplines and its medical units provided medical consultation to 3.35 lakh people and 3.57 lakh people were provided psycho-social support.
- The volunteers sanitized nearly 5000 buildings. Some of the branches also distributed more than 1.50 lakh medicine kits.

- IRCS promoted community awareness of COVID19 and immunisation, including handwashing demonstrations, and assisted individuals in accessing immunizations through the state governments' vaccination programme.

Data for the year 1st April 2021 to 31st March 2022.

IRCS made the arrangements for distribution of Covid 19 response items valued at approx. INR 4,847 crores to State/UT branches and hospitals etc. as decided by the Govt. The items were mainly oxygen cylinder, oxygen container tanks, oxygen plants, oxygen concentrators, trollies, ventilators, oximeters, drugs (Fabipiravir / Coronavir, Remedisiv), masks, face shields, sanitizers, cannula etc.

The items are as under:

Sl.no	Name of consignment	Qty
1	Containers	46
2	Oxygen Cylinders	38278
3	Gowns, Goggles, and Gloves	975275
4	Personal Protection Equipments (PPE Kits), Antigen Rapid Test Kits (ART kits)	1021655
5	Face Masks	14117557
6	Oximeters	311161
7	Oxygen Concentrators	42370

8	Oxygen Plants	36
9	Sanitizers	2423
10	Face Shields	818873
11	Oxygen Tanks	27
12	Oxygen Trucks	4
13	Ventilators	66493
14	Accessories	263999
15	Adaptors	3931
16	CI & BI PAP	969
17	Cannula	22841
18	Drugs, (Fabipiravir/Coronavir, Remedisiv etc.)	27232639
19	Tea, Coffee and Groundnuts	12000
20	Trolleys	2115

Foreign Assistance from different countries to copeup with the mounting pressure of Covid-19

LOOKING AHEAD:

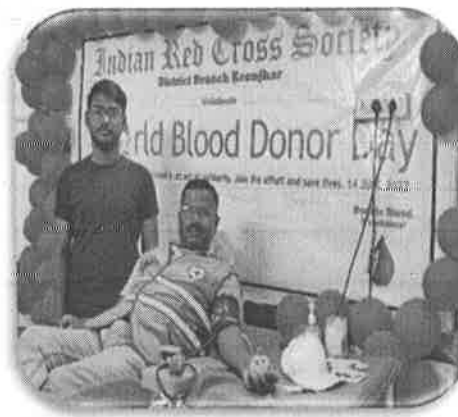

As we reflect on the achievements of the year, we also recognize the need to continue to build our capacity to better serve communities affected by disasters. We will focus on enhancing our response mechanisms, building partnerships with new stakeholders, and strengthening our advocacy efforts to promote disaster risk reduction and preparedness.

We are proud of the achievements of the IRCS Disaster Recovery & Response team during the year, and we would like to thank our donors, partners, and staff for their unwavering support. With their continued support, we are committed to serving communities affected by disasters, promoting resilience, and building a more disaster prepared world.

BLOOD SERVICES

The Blood Services program of the Indian Red Cross Society (IRCS) continued to be a significant area of focus during the year 2021-22. The program played a crucial role in ensuring an adequate supply of safe blood and blood products to patients in need, particularly during the COVID-19 pandemic.

Transfusion of blood is an essential part of modern health care management. The first Blood Centre was started in India by Indian Red Cross Society (IRCS) in 1942 at All India Institute of Hygiene & Public Health, Calcutta (West Bengal). IRCS has a robust blood processing and testing infrastructure, with over 97 blood banks across 15 States/ UTs and blood storage centers across the country. During the year, IRCS continued to invest in modernizing its blood processing and testing facilities, ensuring the safety and quality of blood and blood products. Over 5 lakh people donated blood at IRCS Blood Banks across the country in the year 2021-22 and over 12 lakh people were motivated through blood donation drives of our IRCS branches across the country.

With a modest start in a house in Jorbagh, in 1977, the blood Centre started operating from the Indian Red Cross Society, National Headquarters (IRCS, NHQ). The Blood Centre is running round the clock and provides the services to the needy patients. It was designated as Regional Blood Centre by State Govt. in 1996 and has been designated as Model Blood Bank in 2010 by National AIDS Control Organization, Ministry of Health and Family Welfare, Govt. of India and is Certified by the BIS for ISO 9001:2015 and accredited by NABH & NABL.

This Blood Centre focuses on encouraging voluntary blood donations. It collects approximately 30,000 units of blood annually which contributes about 10% of the total blood collected in Delhi. The percentage of voluntary blood collection is almost 100% in IRCS Blood Centre. The Blood Centre provides about 70% of total collection of blood free of service charges to the patients admitted in Govt. Hospitals in Delhi, HIV/AIDS patients, patients below poverty line, thalassaemia patients, haemophilia patients and sickle cell anemia patients. 975 thalassaemic patients are registered with IRCS, NHQ (which is about 50% of all the thalassaemics in Delhi).

The IRCS (NHQ) Blood Centre is fully equipped to collect blood at its premises and also has mobile teams, which go out frequently to hold Blood Donation Camps. The blood, after collection, is tested for HIV I & II, HBs Ag, HCV, VDRL & Malaria. Blood grouping with Rh D and Antibodies Testing (three cell panel) is done by fully automated advance technology. To ensure effective utilization of blood, besides supplying whole blood, Red Cross also has the facility of component separation that provides different components of blood, like fresh frozen plasma, platelet rich plasma, platelet concentrate, packed cells, cryoprecipitate and platelet aphaeresis.

Blood Donation Camps:

Despite the challenges posed by the pandemic, IRCS continued to organize blood donation camps across the country, with safety measures in place to protect donors and staff. These camps were critical in maintaining an adequate supply of blood and blood products for patients in need. IRCS also collaborated with corporate partners and other organizations to organize blood donation drives, resulting in an increase in the number of donors.

Highlights of major camps: -

- 1133 blood donors were provided by Sant Nirankari Mandal in 19 camps during Covid pandemic.
 - Blood Donation Camp was organized by Ministry of Health & Family Welfare on the occasion of National Voluntary Blood Donation Day-1st Oct. 21. A total number of 113 blood units were collected.
 - A total number of 844 units were collected from the volunteers in a camp conducted in BITS, Pilani, Rajasthan, from 25th to 28th March 2022. This has been an annual feature for the last over 3 decades.
 - 12858 units of blood were issued against processing charges to the patients admitted in private hospitals/ nursing homes.
 - IRCS, NHQ Blood Centre in Delhi, as well as all 97 blood centers across the country, since the start of the Covid pandemic, made tireless efforts to maintain a steady supply of safe blood to Thalassemia, Cancer and other needy patients.
 - During Dengue Viral Haemorrhagic fever the demand for platelets increased manifolds. IRCS, NHQ Blood Centre organised blood donation camps and prepared lifesaving platelet concentrates and issued to both Government and Private hospitals in and around Delhi round the clock for patients.
 - IRCS, NHQ initiated process to start 20 New Blood Centers across the country.
- During the year 2021-22, Blood Centre, Indian Red Cross Society at National Headquarter collected a total of 22362 units of blood from voluntary blood donors. A total of 290 Blood Donation Camps were conducted in various places like Educational Institutions, Corporate Sectors, Religious/Social Organizations, and other offices.
- During the year 2021-22, 28727 Blood/Blood components were prepared. The total 15869 units of blood components were issued free of cost to the patients admitted in Government Hospitals, thalassaemic and haemophilic patients.

The aim of the organization is to phase out replacement donors and achieve 100% voluntary blood donation in the country. Details of blood units collected and number of camps held during the last five years are given in the following tables:

Total No. of Camps including No. of Blood Units (2017-18 to 2021-22)- IRCS, NHQ, Delhi

S.No.	Organization	No. of blood units collected (in camps)

Screening, Processing & Storage of Blood

Blood is tested for infectious diseases (TTIs) such as HIV, HBs Ag, VDRL & HCV and blood group serology. The screening of Transfusion Transmitted Infectious Marker (TTIs) is done by ELISA Method.

A. Testing report of infectious marker lab

Changes in Blood Screening Statistic during 2021-22:

- Total HIV Positive Blood Donors is 0.24%.
- Total HBs Ag positive Blood Donors is 0.79%.

- Total HCV positive blood is 0.76%.
- Total VDRL Positive Blood Donors is 0.28%.
- Total Malaria Positive Blood Donors is 0 %.

B. Report of Component lab.

To ensure effective utilization of blood, besides supplying whole blood, Red Cross also provides its users with the facility of component separation like FFP, PRP, Platelet Concentrate, Packed Cells and Cryoprecipitate.

Total Blood Components Preparation at IRCS NHQ Blood Centre, New Delhi :

Year	Blood Components Prepared						Total Blood Component Prepared
	FFP	Plasma	Platelet Concentrate	PRP	Red Cell	Cryoprecipitate	
2021-22	8790	12501	7150	66	21520	163	50190

Total Blood Components/Whole Blood/Red Cell Issues:

S. No.	Blood Component /Whole Blood/Red Cell Issued	Free A	Paid B	Total (A + B)
1	Blood Component	973	6859	7832
2	Whole Blood/Red Cell	14896	5999	20895
	Total Issued (1+2)	15869	12858	28727

Excess of Surplus Plasma /FFP to Reliance Life Sciences Pvt. Ltd.

1.	Excess of Plasma/FFP to Reliance Life Sciences Pvt. Ltd. (2021-22)	20680
----	--	-------

Blood Distribution (2021-22)

Thalassemia: In Delhi, there are about 2000 registered thalassemic patients who are receiving blood from various Regional Centers like AIIMS, RML Hospital, Hindu Rao Hospital, LNJP Hospital, GTB Hospital and private blood banks. Out of them 975 patients are registered with Red Cross Blood Centre and more than 200 registered patients are from outside Delhi. IRCS continues to look after approx. 50% of the thalassemic patients in and around Delhi and provides Blood/Blood Components to them.

Support to National Plasma Fractionation Centre (NPFC): IRCS (NHQ) Blood Centre is a NACO supported blood component Separation Unit. As per NACO guidelines IRCS, Blood Centre has largely supported the Reliance Life Sciences Pvt. Ltd. by sending the surplus Plasma/FFP for fractionation. In the year 2021-22, IRCS (NHQ), Blood Centre has issued about 20680 units of surplus plasma/FFP to Reliance Life Sciences Pvt. Ltd.

Certificate of accreditation for ISO by BIS, NABH and NABL: The IRCS (NHQ) Blood Centre has been certified by IS/ISO 9001:2015, NABH and NABL w.e.f 2012 and 2013. Routine surveillance audit for the accreditation has been conducted by the auditor team in 2021-22 by BIS, NABL and NABH for renewal of accreditation.

External Quality Assurance Programme (EQAS): IRCS (NHQ) Blood Centre has been enrolled with SDMH, Jaipur, (BEQAS), CMC Vellore, AIIMS and Mumbai Red Cross for proficiency for infectious marker and serology testing.

The following specific activities were carried out during lockdown due to COVID-19 pandemic:

- **Provided pick and drop facilities** - The IRCS, NHQ Blood Centre provided pick and drop facility to individual blood donors in Red Cross as well as in blood donation camps, took mobile blood collection vans to residential areas to conduct blood camps, conducted awareness campaigns through social media to break the myths regarding blood donation during COVID-19 and ensured all COVID safety precautions were being followed for the safety of staff and donors.
- **Safety Measure** - IRCS (NHQ) provided the Safety Measures such as PPE Kit to Doctors and Phlebotomist, disposables gown, sanitizer, mask, gloves, shoe cover, head cap, soap etc. were also distributed to the IRCS staff members and Blood Donors at the blood donation camps in and around Delhi. Provided e-passes facility during lockdown to the voluntary blood donors to encourage them to travel to the blood centre for blood donation.

➤ **Nucleic Acid Testing (NAT) Testing Facility**

Union Minister for Health and Family Welfare and Chairman of the IRCS, NHQ, inaugurated a Nucleic Acid Testing (NAT) Facility at the IRCS NHQ Blood Centre on March 20, 2021.

NAT equipment with lab. was installed at IRCS, NHQ in accordance with the MoU signed between IRCS and Thalassemic India. From January 21 to March 22, the NAT equipment was operational and performed 12111 tests.

- **Training:** Trainings were provided by IRCS (NHQ), Blood Centre to Doctors, Lab. Technicians of Govt. Hospitals and Interns from different Institutions to enrich their knowledge on overview of procedures for testing in blood services, safety parameters & transfusion quality management system (TQMS) related. The visit facilitates the Blood Banks in strengthening the standards of Blood Services which were learnt during the training period and spreads awareness while enlightening the students for blood donations.

Trainings were imparted on: Automated Cell counter, Automated Blood grouping technique, transfusion transmitted infections (TTIs), ADR monitoring, Blood component preparation, Plasma components and documentation of processes.

Celebration of World Blood Donor Day

A one-week programme (14.06.21 to 20.6.2021) was organised to increase the number of voluntary blood donations by disseminating the benefits of voluntary blood donation to the public.

Celebration of National Blood Donation Day

A blood donation camp was held at the Ministry of Health and Family Welfare, Nirman Bhawan, on the occasion of Voluntary Blood Donation Day on October 1, 2021. The event was inaugurated by the Union Health Secretary, and the Director General of Health Services. 113 people donated blood.

8.	SBTC Grant for voluntary blood donors	<u>State Blood Transfusion Council (SBTC)</u> Refreshment of Voluntary Blood Donors in house and voluntary blood donation camps @ Rs. 25/- per donor for the year 2021-22	6,29,575/-
		Total	2,74,89,696

As we look ahead, IRCS's Blood Services program will continue to focus on expanding our blood donation camps and drives, strengthening our blood processing and testing facilities, and enhancing our community awareness and education programs. We will also work to improve access to blood and blood products for underserved communities across the country.

FUND RAISING & MEMBERSHIP

Indian Red Cross Society (IRCS) continued to rely on the support of its donors and members to support their programs and services during the year 2021-22. The fundraising and membership programs of IRCS played a vital role in ensuring the sustainability of the organization. The Indian Red Cross Society sources its funds for the welfare activities through various channels. Enrolment of members by its branches in different categories is an important source of fund raising. These enrolments are made in accordance with Rule 3 of the Indian Red Cross Rules 1994.

ENROLLMENT OF MEMBERS

Presently there are seven grades of membership enrolled by State / District Branch, and their respective rates of subscription are as follows:-

1. Patron	Rs. 25,000/-
2. Vice Patrons	Rs. 12,000/-
3. Life Member	Rs. 1000/-
4. Life Associate	Rs. 250/-
5. Annual Member	Rs. 100/- per annum
6. Annual Associate	Rs. 50/- per annum
7. Institutional Member	Rs. 5,000/- per annum

After receipt of the list of names of the enrolled members in the above category the IRCS NHQ issues certificates in favour of the enrolled members according to the category and send the same to the respective State/UT Branches of IRCS.

Membership drives were conducted to encourage more people to join IRCS as members. The membership program provides an opportunity for individuals to become actively involved in the work of the organization and contribute to our mission. During the year, IRCS focused on attracting more young people to become members. Over 1.5 lakh members, including Youth Red Cross and annual members, were enrolled across the country.

For the Financial year 2021-22 following members were enrolled by the Indian Red Cross Society under different categories:

Serial No.	Category of Membership	No. of Members Enrolled & issued certificates during 2021-22
1	Life Members	8000 nos
2	Life Associate	400 nos
3	Patron	81 nos
4	Vice-Patron	31 nos
5	Institutional Member	03 nos

Of late IRCS, NHQ has been gradually moving towards digitization. In the field of membership as well it has been implemented. As per the new system, the branches are required to upload the names & other details of the enrolled members using a link at NHQ website.

IRCS organized several fundraising activities during the year, including appeals through website, social media platforms, and other channels. We also organized special campaigns to support our COVID-19

response efforts, which received a significant response from our donors. The organization also received generous support from individual donors, corporate partners, and international organizations:

We are grateful for the support of our donors, members, and partners during the year 2021-22, and we look forward to their continued support in the years to come. With their support, we are confident that we can continue to provide services to vulnerable populations across the country.

FIRST AID TRAINING

The First Aid training program of the Indian Red Cross Society (IRCS) continued to be an essential area of focus during the year 2021-22. The program played a crucial role in building the capacity of individuals and communities to respond effectively to emergencies and disasters.

Despite the challenges posed by the COVID-19 pandemic, IRCS continued to conduct first aid training programs across the country, with safety measures in place to protect trainers and trainees. Special guidelines on conduct of first aid trainings during covid-19 pandemic were issued by NHQ. The number of trainees in a batch was reduced to 12 from 30 and the period of training was reduced to 4 days from 8 days. The duration of the training was increased to 24 hours from 16 hours. Guidelines on covid sensitive behaviour were also issued.

During the year 2021-22 over 70,000 people were trained in First Aid across the country.

IRCS continued to collaborate with the International Federation of Red Cross and Red Crescent Societies (IFRC) and other partners to share best practices and enhance its first aid training programs. These collaborations allowed us to learn from the experiences of other countries and improve the quality of our programs.

MASTER TRAINERS IN FIRST AID

IRCS imparts training in First Aid for the benefit of general public and employees of companies, factories, corporates and others through its branches. The trainings are imparted by Instructors/Lay Lecturers authorized by the National Headquarters for the purpose. The Instructors/Lay Lecturers are assessed for their efficiency periodically by Master Trainers deputed by the National Headquarters. Master Trainers are selected by the National Headquarters from among the Instructors/ Lay Lecturers on the basis of their extra ability and mastery over the subject.

IRCS has 53 Master Trainers during the period 2021-2022. The services of Master Trainers are availed for assessment of Instructors/Lay Lecturers and also for the assessment of trainees in First Aid.

We are proud of the achievements of the First Aid Training program of the Indian Red Cross Society during the year 2021-22, and we would like to thank our trainers, partners, and staff for their unwavering support. With their continued support, we are confident that we can continue to build the capacity of individuals and communities to respond effectively to emergencies and disasters.

INTERNATIONAL MOVEMENT COOPERATION

The Indian Red Cross Society (IRCS) continued to work closely with the International Red Cross and Red Crescent Movement during the year 2021-22. The International Movement Cooperation program played a critical role in strengthening our relationships with other National Societies and partners around the world.

IRCS collaborated with the International Federation of Red Cross and Red Crescent Societies (IFRC) and International Committee of the Red Cross (ICRC) to respond to disasters and emergencies, share best practices, and learn from the experiences of other countries. These collaborations allowed us to enhance our programs and services and better serve vulnerable populations across the country.

IRCS-ICRC COOPERATION ACTIVITY

- Indian Red Cross Society was supported by ICRC in its COVID response in the country. The items provided included hand sanitizers, face masks & face shields, dead body safety bags etc. ICRC has also devised a road map to provide digitalization support at IRCS. It also provided state of art intercom facility at National Headquarters and set up video confrencing facility at seven IRCS Branches.
- First Aid is the first assistance or aid or treatment given to a patient in an emergency. IRCS has conducted First Aid training in states like Tamil Nadu, Odisha, Bihar and Delhi etc. ICRC has provided technical and financial support to the First Aid training.

First aid training at Bihar

First aid lay lecturer training, Delhi.

- In financial year 2021-22, IRCS has handled 4 Tracing requests of Sri Lankan Red Cross and exchanged 89 Red Cross messages between sender and addressee. Due to Covid 19 pandemic, there was no activity in field level, as per agreed plan of action. However, HR support has been provided under the IRCS-ICRC annual plan of action.

Participation in International Events:

IRCS actively participated in international events and conferences organized by partners and others. Due to the pandemic the programs were held mostly in virtual mode. These events provided us with opportunities to share our experiences and learn from other National Societies and partners.

Some of the programs are as under

1. Red National Society Development Global Event 2021 on 6th December 2021.
2. Meeting with the National Societies of Asia & Pacific region to review impact of pandemic on 20th December 2021.

3. Workshop on “Counter Terrorism Measures and Sanction Regimes & Their Impact on Principled Humanitarian Action” on 20th January 2022.
4. Workshop on “Towards a Movement Position on Autonomous Weapon System” on 3rd February 2022.
5. Meeting to “Review the Seville Agreement & Supplementary Measures to Enhance the Movements Collective Impact” on 17th February 2022.
6. Workshop on Virtual Fundraising Hub 2.0- A Commitment to Growth on 3rd March 2022.
7. Workshop on Implementation of Global Resource Mobilisation Strategy (GRMS 2030) Way Forward on 24th March 2022.

YOUTH PROGRAM

Program Background

IRCS NHQ and branches have been running Junior and Youth Red Cross activities since early 1920's. Juniors are the students in the schools registered under the programme. Similarly, Youth are the members that are enrolled through their colleges registered by the Red Cross branches at the local level. The programme has a very large membership as most of the Govt. run schools are covered. This is one of the core areas of Red Cross activities throughout the world.

IRCS injected fresh life into the Youth Programme with the support of ICRC in schools/colleges and communities in the selected State Branches. The target states for this programme were Maharashtra, Gujarat, Andhra Pradesh, Tamil Nadu, Odisha, Chhattisgarh, Assam, Manipur, Meghalaya, West Bengal, Uttar Pradesh, Telangana and Jammu & Kashmir. This program has three

key objectives –

- To enhance the understanding of the Red Cross Red Crescent Movement and its Fundamental Principles.
- Promote peace and harmony among the youth and the selected communities.
- To strengthen the capacity of the YRC regarding hygiene promotion, household water treatment, basic first-aid and promote peace and harmony in society.
- To contribute towards increasing the awareness on role of youth and behavioral changes in the selected communities on hygiene promotion, household water treatment and basic first aid.

IRCS Andhra Pradesh; Junior and Youth Red Cross activities:

Key activities held during the FY 2021-2022:

1. Junior/Youth Red Cross is one of the major activities of the A.P. State Branch. The branch conducted a J/YRC membership drive to enroll students. The activities aimed at promoting a spirit of service in the community and create awareness on road safety, first aid and behavior change activities in the state.

JRC had 2962 no. of institutions and 1459152 members were enrolled in the FY 21-22, while YRC had 465 number of institutions and 589081 members were enrolled. As a result, the total number of institutions were 3427 and 2048233 members were enrolled.

*Plantation drive,
Vizianagaram, District Branch*

2. Young Red Crossers planted 3.5 lakh saplings throughout the state as per guidelines of IRCS A.P. State Branch.

3. Ananthapuramu & Vizayanagaram district branches organized Aayushman Bharat Arogya Mela (Health Camp) at Anantapur with the motto 'Guaranteed to Health-Progress'.

4. Under the guidance of Hon'ble Governor IRCS, A.P State Branch launched "One Million Blood Grouping" program covering all colleges and youth in the state. Due to rise in the covid cases the state branch was unable to achieve the target.

One Million Blood Grouping Program,
Chittoor District

5. During the second wave of Covid 7,414 YRC volunteers distributed face masks, PPE kits, oximeters, dry foods, ration kits and gloves amongst the needy and vulnerable.

6. During the Sankranti Festival in Vijayawada, youth Red Cross volunteers assisted the elderly and disabled in their travel to temple at Kanaka Gurga Temple.

IRCS Odisha Junior and Youth Red Cross activities

1. The YRC Volunteers and members of the YUVA RED CROSS BAHINI of numerous universities in Odisha organized workshops and campaigns on maintaining social distance, practicing hand hygiene, wearing masks, covid vaccination and other activities to combat the widespread concern and threat of COVID-19 during second wave.

2. YRC members helped in organizing blood donation camps in various locations. Volunteers also assisted in the management of the Quarantine Centre. YRC, Odisha also assisted stranded people from various parts of India in reaching out to their families during the lockdown, with the permission of the local authorities.

3. YRC/JRC members & counselors in partnership with the State Transport Authority, Cuttack, executed "Project Rakshyak" and provided this training to over 30,000 persons.

4. Webinar was held for YRC District Co-Ordinators on 29th June 2021 during Van Mahotsav Week 2021.

5. YRC, Odisha had imparted Social Emergency Response Volunteers (SERV) Training to 320 YRC Volunteers at three major disaster affected districts of Odisha namely: Balasore, Bhadrak & Mayurbhanj at 12 different venues.

6. IRCS, Odisha state and district branches celebrated important days like; National Youth Day, World AIDS Day, International First aid Day and World Blood Donor Day etc.

IRCS Maharashtra : Junior and Youth Red Cross activities

The Junior Red Cross activities were carried out in Mumbai City as well as at Bhandara, Pune, Jalgaon, Nashik, Kolhapur and Raigad districts. In the year 2021-22 there were Junior Red Cross units in 185 schools and Youth Red Cross groups in 46 colleges with a total membership of 1,43,580 juniors and 16,054 youth.

- **Online Webinars for Youth & Juniors:** Youth Red Cross, Maharashtra, took the initiative of taking online webinars with experts facilitators. They made power point presentations and audio-visual presentations on various topics like health, hygiene, Red Cross movement, role of youth in Red Cross and environment etc.
- Youth Red Cross (YRC) organized an experimental learning webinar workshop on “Planning and Prioritization on 2nd May 2021 by Ms. Rochelle Aranha, HR Professional, the Boston Consulting Group. The webinar focused on aspects of time management, planning and prioritization. 60 people attended the webinar.
- On 8th May 2021, World Red Cross Day, Youth Red Cross (YRC) hosted “Rendezvous with Red Crossers”. 8 youth volunteers of Junior and Youth Red Cross, Maharashtra, were selected to speak at the event. This encouraging and motivating event had house full participation of 100 members.
- On 16th May 2021 Youth Red Cross organized an event on, "Unmasking the Mind in Pandemic". The keynote speaker at the event was Ms. Bhakti Joshi, a psychological counselor and psychotherapist. The session had 70 participants.
- Youth Red Cross (YRC) organized an event on "Secret of Success" by Mr. Sameer Narad, a motivational speaker and a counselor. The session was interactive. 90 youth participated in the program.
- Youth Red Cross (YRC) organized an interactive webinar on “Youth As Agent of Behaviour Change”, on 30th May 2021. The keynote speaker at the event was Mr. Bhavesh Sodagar, a National Society Development Leader, IFRC, Suva, Fiji Islands. 50 participants from India and abroad participated.
- Youth Red Cross (YRC) organized an interactive webinar on “Personality Development”. The keynote speaker at the event was Dr. Sharma Hussain, Chairperson, National Institute of Skills Training, Oman, Muscat. It was a very interactive and successful webinar in which 90 youth members participated.
- On 13th June 2021, Youth Red Cross wing (YRC) organized an interactive webinar on “Indoor Air Pollution” by Mr. Subhajit Mukherjee, an Environmentalist, founder of Mission Green Mumbai and Ambassador of Majhi Vasundhara Abhiyan, Government of Maharashtra.

- YRC, organized an interactive webinar on “First Aid Orientation” on 20th June 2021 by Dr. Swati Kale, First Aid Instructor for Junior & Youth Red Cross, Maharashtra. 70 youth attended the webinar.
- YRC organized Disaster Management Orientation for members on 27th June 2021. Dr. Rajkumar Shah, Chairman, Disaster Relief Committee, IRCS, Pune District Branch was the facilitator. 64 youth members participated in the webinar.
- Webinar for the school students of RYAN GROUP OF INSTITUTIONS: The Junior Red Cross, Maharashtra first time organized an interactive webinar on “Red Cross Movement and its Importance for Students” for the school students on the zoom platform on 27th April 2021. 100 students participated in the interactive session from various schools.

➤ Youth volunteers of IRCS, Maharashtra state branch distributed masks, soaps, sanitizers, hygiene kits, toothbrush, toothpaste, sanitary napkins etc. to the marginalized underprivileged community.

- Various competitions on rakhi making, cartoon & poster making and X'mas decorations were held for the school students, by JRC/YRC volunteers.

➤ Junior and Youth Red Cross Maharashtra organized several awareness campaigns on feminine hygiene and distributed sanitary pads to the underprivileged girls of Mumbai and Palghar Districts.

IRCS Manipur: Junior and Youth Red Cross activities

Programmes such as basic first aid training for programme officers and volunteers, motivational speech on role of youths, blood donation on National Voluntary Blood Donors' Day, awareness session on COVID-19 were organized as JRC/YRC activities during FY 2021-22.

First aid training at Kha Manipur College, kakching

First Aid Training at Manipur University

National Blood Donors' Day, JNIMS

YRC was formed at Ambedkar Government College under Unakoti District

IRCS Tripura; Junior and Youth Red Cross activities

IRCS Telangana - Junior and Youth Red Cross activities

1. During the COVID-19 pandemic, the Telangana state branch's Youth Red Cross wing distributed food and water to the needy and raised awareness about proper mask wearing and disposal of used covid protection material.
2. With the assistance of the police department and army personnel, YRC/JRC organized blood donation camps.
3. YRC volunteers encouraged senior citizens to get covid vaccinations and provided human resource assistance to covid vaccination centers.
4. For physical and psychological well being JRC/ YRC volunteers conducted online yoga classes.
5. YRC volunteers participated in a one-day "cybercrime and first aid awareness" programmes by Nagarkurnool district branch and the Nagarkurnool district police department.
6. Several first aid awareness programs were held in different districts of Telangana

such as Warangal, Bhongiri, Malkajiri, Medchal and Hanumakonda.

7. IRCS, Telangana state branch and district YRC and JRC wings conducted "Harithaharam program" (Plantation of Seedling).

IRCS Goa – Junior and Youth Red Cross activities

Distribution of Face Mask and Hygiene kits to the Staff & Students P.V.S.,
Kushe HSS, Assagao

Online First Aid, AED & CPR Training
GAURDIAN ANGEL HSS, CURCHOREM

IRCS Karnataka: Junior Red Cross activities

- Under the Junior Red Cross-Pariposhnam Project, the primary and secondary education departments of the government of Karnataka received grants totaling Rs 70 lakhs. Under this project, the state branch printed 16000 JRC handbooks (8000 in Kannada and 8000 in English) for distribution in Karnataka's registered high schools.
- For the effective implementation of the project, a one-day state level orientation and training was organised at Jean Henry Dunant Hall, IRCS, and KSB for 30 District Implementation Officers.

MOUs with Universities

IRCS has signed tripartite MoUs with 26 Universities. The students at these Universities are learning humanitarian principles, disaster management, first-aid, hygiene & sanitization. IRCS shall help them become responsible citizens. Universities in the states of Punjab, Himachal Pradesh & Rajasthan have been in the forefront.

The list is as follows: -

MOUs executed with Universities

Indian Red Cross Society has executed MOUs with 26 Universities till date.

S.No	Name of University	Date of Execution
1	Rayat Bahra University, Mohali	Jan,2020
2	GNA University,Phagwara	Feb,2021
3	Central University of Himachal Pradesh	March,2021

HEALTH PROGRAMS

TB PROJECT

Introduction:

Tuberculosis (TB) is one of India's major public health problems. According to WHO estimates, India has the world's largest number of tuberculosis patients. Indian Red Cross Society (IRCS) is playing an increasingly important role in ensuring that TB cases are treated successfully and find out ways & means to minimize stigma and discrimination against patients. With the aim to reduce the burden of MDR TB, IRCS addresses needs of the vulnerable people, arranges for the retreatment of patients and engages with those patients who are likely to default. While undergoing treatment these patients are being followed up and supported to enable full adherence to DOTs. Since 2009, IRCS has been working in support of TB patient in targeted communities in some states.

During the year 2021-2022, nearly 2800 patients were covered in the project districts in the states of Gujarat, Haryana, Karnataka, Punjab and UP with the adherence rate of above 95%. The project covered awareness meetings, care and support, patient counseling, IEC activities & discussion sessions at the government health facilities at their TB units & door to door services. Health checkup & TB screening camps were also organized.

Goals and Objectives:

- To ensure that TB patients, i.e. those who have stopped DOTs treatment without completion, are put back on treatment until they are cured.
- To ensure effectiveness of treatment by providing care and nutritional support to the most vulnerable TB cases.
- Prevention of Multi Drug Resistant TB.
- To reduce the number of deaths, illness and impact from Tuberculosis and MDR TB in target areas.
- To reduce the prevalent stigma and discrimination around TB through behavior change communication campaign and inclusion of TB patients on important platforms.

Target areas & No. of Patients

Sl. No.	State	Districts	Patient (Target)	Patient (Achieved)
1	Haryana	Faridabad & Palwal	300	508
2	U. P	Amethi, Varanasi and Lucknow	300	900
3	Karnataka	Bangalore, Tumkur and Mandya	300	225
4	Gujarat	Ahmedabad district, Ahmedabad Urban & AMC	500	500
5	Punjab	Amritsar & Jalandhar	400	651
		Total	1800	2784

Haryana

The TB Programme was extended in the year 2021-22 under which a target of 300 TB patients was kept in the districts of Faridabad and Palwal. During the year 2021-22, 508 TB patients were enrolled in Faridabad & Palwal districts, out of which 344 were cured, 5 transferred out, 2 failures, 8 deaths, 6 defaulters and 143 were under treatment as on 31st March, 2022.

Proper attention was paid on awareness activities during the year. In this regard, 23 advocacy awareness meetings and 118 Mohalla Meetings were arranged in Faridabad & Palwal by the Red Cross volunteers and the District Coordinators so that the TB suspects living very close to the TB patients and others in surrounding areas should come forward for early diagnosis & treatment. Hand bills on TB were distributed in the community. The volunteers held 1381 and 200 counselling sessions at DOTS centers in Faridabad and Palwal respectively. 2439 and 861 home visits were made by Faridabad and Palwal district coordinators and volunteers.

The adherence report from the Haryana State branch shows that patients adherence rate is 99 %. Following is the adherence report;

Adherence report

No. of Patient enrolled	No. of cured	No. of Ongoing Treatment	Death/ Transf.	Dis. Cont./ Failure	Default	No. of Patient adherence (without default)	% of Patient adherence (without default)
508	344	143	Death-8 Transf.-5	2	6	502	99%

Uttar Pradesh

Amethi, Varanasi, and suburban regions of the Lucknow district were the focus of the TB Program, which had 300 TB patients. Each district has 100 TB cases. The right amount of focus was placed on raising awareness on stigma and discrimination among family members through awareness-raising events. The adherence report of the U.P State branch shows that the number of patients' adherence rate is 99 %. Following is the adherence report;

Adherence report

No. of Patients enrolled	No. of cured patients	No. of patients undergoing treatment	Death & transferred out	Failure	Default	No. of Patient adherence (without default)	% of Patient adherence (without default)
900	557	307	26 including 3 transferred out	2	8	892	99%

Karnataka

The Karnataka State Branch set a target of 300 TB patients for the TB Programme 2021-22. (100 in each district of Bangalore, Mandya, and Tumkur). During the fiscal year 2021-22, there were no activities in Bangalore and Tumkur district branches. As a result, the state branch only sent the Mandya district's annual report. As on March 31, 2022, 225 TB patients had been enrolled in the Mandya district, with 148 cured, 2 failures, 3 deaths, 1 default, and 74 still receiving treatment. 6 awareness/outreach sessions were held, 190 households were visited, 1500 pieces of IEC material were distributed and individual and group counselling sessions were also held.

Adherence report

No. of Patients enrolled	No. of cured patients	No. of patients undergoing treatment	Death/Transf.	Dis. Cont./ Failure	Default	No. of Patient adherence (without default)	% of Patient adherence (without default)
225	148	74	Death-3 Transf.-0	2	1	224	99%

Gujarat

The Gujarat state branch identified 500 TB patients. The branch organised 72 awareness camps covering approximately 6000 people. Around 1000 IEC material were distributed in the project area, 4 TB screening camps were organised, and 25 volunteers assisted TB activities.

The adherence report of the Gujarat State branch shows that, the number of TB patients' adherence rate is 98%. Following is the adherence report;

No of TB Patients enrolled	No. of cured patients	No. of patients undergoing treatment	Death	Defaults	No. of Patient adherence (without default)	% of Adherence ensured
500	482	12	6	0	500	100%

Punjab

The Irish Red Cross supported the TB Project in the Punjab state branch for the fiscal year 2021-22. The goal was to reach 400 TB patients in two districts: Amritsar and Jalandhar. Volunteers conducted 1150 counselling sessions at the DOTS centre and made 3021 home visits to TB patients. The project staff and volunteers also organised 151 group awareness meetings and 179 mohalla meetings. The volunteers distributed 22475 TB hand bills.

Adherence report

No of Patients enrolled	No. of cured patients	No. of patients undergoing treatment	Death	Failure/ transferred out	Defaults	Patients started treatment from private doctor	No. of Patient adherence (without default)	% of Adherence ensured
651	379	235	23	9	0	5	651	100%

EMERGENCY HEALTH RESPONSE SENSITIZATION PROGRAM

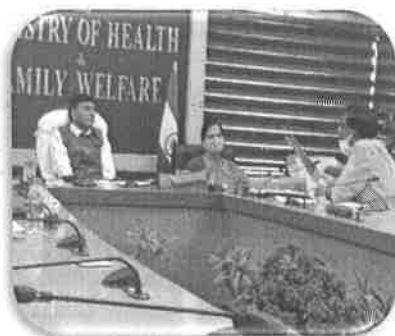

IRCS has launched a sensitization program on "Emergency Health Response" spread over 7 days (3 hours per day). This program primarily aimed to fill the gap of patient care attendants who would work under the supervision of paramedics. It is also desired through this program to engage underprivileged youths of society in useful activities.

While Indian Red Cross Society is a technical partner in this endeavor, ground implementation is accomplished by Sewa Bharati and National Medicos Organization. Approximately 732 candidates have been covered through EHR sensitization Program.

STATUTORY MEETINGS OF IRCS (NHQ)

During the period from 1st April, 2021 to 31st March,2022 following meetings were held:-

1. Blood Centre Committee Meetings held on 13/04/2021, 14/06/2021, 03/08/2021 & 08/10/2021.
 2. Selection Committee Meetings held on 03/08/2021.
 3. Procurement Committee Meetings held on 08/09/2021.
 4. Executive Committee Meetings held on 08/10/2021.
 5. Finance committee meeting held on 13/10/2021.
 6. Review committee meeting was held on 07/01/22.
 7. Finance committee meeting held on 07/01/2022 and 22/02/2022.
 8. Awards Committee meeting held on 07/03/2022.
 9. Representation committee meeting was held on 01/04/22,06/04/22 and 08/04/22.
 10. Procurement, Estate and condemnation committee held on 05/07/2022.
 11. Procurement, Estate and condemnation and technical members of Medical, Maternity and child welfare and blood center committee held on 09/11/2022.
- **National Managing Body (NMB) Meeting by IRCS, NHQ at New Delhi, on 29/11/2021;** Indian Red Cross National Managing Body Meeting was held on 29th November, 2021 at Nirman Bhawan. Chaired by Hon'ble Chairman IRCS & Minister of Health & Family Welfare and Chemicals & Fertilizers, Dr. Mansukh Mandaviya, decisions on holding next AGM, approval of annual accounts & reports etc. were taken up for consideration.

➤ In July 2021, IRCS (NHQ) made a presentation to the newly appointed Hon'ble Health & Family Welfare Minister Dr. Mansukh Mandaviya. The presentation was mainly on the Red Cross Movement, current situation, future plan of action & some details about the response to Covid-19 second wave.

- Election of the National Managing Body Members was held on 12th October, 2021. Following were declared elected: Smt. Sushma Gupta (Haryana), Dr. Himabindu Naik (U.P), Sh.O.P Bhatia later replaced by Dr. Sadhana Thakur (H.P), Dr. A. Sridhar Reddy (A.P), Ms. CTM Suguna (Odisha), Sh. S. Naganna (Karnataka), Dr. B.B Sinha (Bihar), Dr. Senjam Sunil Singh (Manipur), Sh. Santi Ranjan Karar (West Bengal), Sh. Homi R. Khusrokhan (Maharashtra), Dr. Bhavesh Acharya (Gujarat), Sh. Gaurish M. Dhond (Goa).

INFORMATION & PUBLIC RELATIONS

World Health Day: On 7th April, every year World Health Day is observed. From its inception at first health assembly in 1948 and since taking effect in 1950, the celebration has aimed to create awareness of a specific health theme to highlight a priority area of concern for the World Health Organisation. **The theme for 2021 World Health Day was Building a fairer, healthier world.** Messages, broadcasters, rallies marked the occasion all over the country.

World Red Cross Day: World Red Cross Day is an annual celebration of the Red Cross and Red Crescent Movement. World Red Cross Day is celebrated on 8th May every year. This date is the birth anniversary of Jean-Henry Dunant, who was the founder of the Red Cross and the recipient of the first Nobel Peace Prize. **The theme for World Red Cross Day 2021 was Together we are unstoppable!**

World Blood Donor Day: World Blood Donor Day is celebrated on 14th June every year. Voluntary Blood donors are the cornerstones of safe and adequate supply of blood and blood products. The safest blood donors are voluntary, non-remunerated blood donors from low-risk populations. **The theme for 2021 campaign was "Give blood and keep the world beating".**

World First Aid Day: World First Aid Day is observed the world over on the second Saturday of September. It is being celebrated each year ever since the year 2000. The term "first aid" refers to the assistance given to anyone suffering a sudden injury or illness. **Theme for World First Aid Day 2021 was "Be a Hero at your school and in the community".**

World AIDS Day: World AIDS Day takes place on 1st December each year. It's an opportunity for people worldwide to unite in the fight against HIV, to show support for people living with HIV, and to commemorate those who have died from an AIDS-related illness. Founded in 1988, World AIDS Day was the first ever global health day. **The theme for the 2021 World AIDS Day was "END INEQUALITY: END AIDS".**

OTHER ACTIVITIES

Red Cross Youth Scales World's Highest Mountain Peak

Mr. Manish Kashniyal, a Red Cross master trainer and a mountaineer unfurled the Red Cross flag at the world's highest mountain peak, the Mt. Everest. The Red Cross Movement across the world could not be more proud of his determination & courage on achieving this feat.

Book Release

A book by Vice Chairman, IRCS, Sh. Avinash Rai Khanna "My Experiences During Covid-19, A Big Salute to Corona Warriors" was launched by Hon'ble Governor of Himachal Pradesh & President of the State Branch.

Red Cross Felicitates Paralympics Medal Winners

IRCS along with the Paralympics Committee of India felicitated Medal Winners of Tokyo 2020 Paralympic Games. Blankets & Hygiene kits were provided to all winners. Avinash Rai Khanna, Vice Chairman, IRCS presented the items.

Flood Early Warning Project

IRCS has embarked on a community-based flood EW alert system project in Assam and Bihar. Based on verified data from Google the flood alert system aims to inform people at risk to take actions to save their lives and livelihoods. This project is being implemented by IRCS and being supported by Google.

Around 1100 volunteers owning smart phones were trained in the states of Assam and Bihar. Under the project, 225 Ward Contingency Plans in Assam and 62 in Bihar have been prepared. A team of trained IRCS volunteers started receiving flood alerts during the monsoon period in 2021 and immediately disseminated information through phone calls, WhatsApp groups and door-to-door canvassing within concerned communities. More than 90 such alerts in Bihar and above 40 alerts were broadcast in Assam through volunteers in 2021. In addition, 350 volunteers of UNICEF were trained in flood alert literacy in 2022 in Bihar.

EcoDRR Project

The Ecosystem based disaster risk reduction (Eco-DRR) India project aims to reduce water-related risks in Banaskantha district of Gujarat by implementation of contextual EcoDRR measures like Training and Capacity Building of Gram Panchayats, Women Farmers, Self Help Groups and CBOs on agroforestry, Water Harvesting, Soil Mulching and Drought. Fund amounting to Rs 25,05,382 was supported by IFRC to implement the EcoDRR project in Gujarat state branch.

COMMUNICATION TRAINING (VIRTUAL MODE) FOR IRCS STATE/UT BRANCHES

Communications Training (Virtual mode) for IRCS State/UT branches was held on 16th March, 2022. About 40 people participated from different State/UT branches from across India. Mr. Udaya Regmi, Head of Delegation for South Asia Country Cluster Delegation, IFRC & Mr. N.K Singh Deputy Secretary, IRCS, NHQ gave the opening remarks. Facilitation was done by Mr. Antony Balmain, Communications Manager, IFRC Asia Pacific & Ms. Arabella Seebaluck, Senior Communications Officer, CCD South Asia.

DIGITISATION AND COMPUTERISATION

Video conferencing facility and communication equipment were installed in State and Union Territory branches during the year. 25 VC sites are as follows; Jammu & Kashmir, Uttarakhand, Uttar Pradesh, Kerala, Odisha, West Bengal, Manipur, Chhattisgarh, Tamil Nadu, Telangana, Karnataka, Tripura, Goa, Meghalaya, Madhya Pradesh, Andhra Pradesh, Gujarat, Haryana, Punjab, Delhi, Himachal Pradesh, Maharashtra, Rajasthan and Nagaland.

NATIONAL STATISTICS, IRCS, NHQ

The NHQ is collecting data every year from branches on several accounts some of the important ones are as under;

- A. Membership
- B. Blood donation
- C. People trained in first aid
- D. Beneficiaries reached
- E. Disaster response and early recovery
- F. People benefited by health programs.
- G. Income and expenditure of the branches

The detailed statistics for year 2021-22 is as follows:-

No.	State / Union Territory Branch	#Local units	Total Income	Total Expenditures	#people volunteering their time	#paid staff	#Members	#Youth	#people donating blood	#people trained in First Aid

REPORTS FROM THE BRANCHES

ANDHRA PRADESH

The IRCS, APSB has been in the forefront in providing assistance and relief, during natural and man-made disasters, in training communities for disaster preparedness and response, in promoting health education and health care, in supporting the differently abled, and in enthusing the youth of the State to serve those in need through its Junior and Youth Red Cross volunteers. 13 District Branches and 196 Sub District Branches of IRCS are functioning in Andhra Pradesh State.

Activities undertaken by the branch during FY 21-22 are as under:

MEMBERSHIP ENROLMENT: -

Membership enrolment during 2021-22 is as under: -

Patrons	26 Nos.
Vice Patrons	18 Nos.
Life Members	1888 Nos.
Life Associates	128 Nos.
Annual Members	13802 Nos.
Annual Associates	8245 Nos.

1. IRCS A.P. State Branch & the JRC/YRC Sub-Committee decided to enroll a minimum of 10 lakh members under JRC/YRC in the year 2021-2022. To achieve it 2962 schools were registered with an enrolment of 14,59,152 students under Junior Red Cross, and 465 colleges were registered with an enrolment of 5,89,081 students under Youth Red Cross during the year 2021-22.

Blood Services

2. IRCS APSB started blood grouping program. Chairman, APSB launched the program at Maris Stella College, Vijayawada on 1st December 2021 on World AIDS Day. 62312 blood groupings had been done during the FY 2021-22.

3. During the FY 2021-22 the IRCS state branch conducted 854 blood donation camps and collected 54,303 units of blood.
4. 211 Thalassemia patients were registered during this year and 4615 units of blood was issued free of cost to the Thalassemia patients during the year 2020-21.

5. Thalassemia Centre, West Godavari district has provided 921 units of blood for free transfusion to thalassemia patients in the year 2021-22.

Covid -19 Response

6. Total 7,414 Red Cross volunteers rendered services during 2nd Wave of Covid-19 pandemic.
