IRCS (NHQ) MEETINGS

- Blood center committee meeting was held this month where a number of recommendations such as setting up new blood centres, equipments for new blood centers & existing blood centres, support of various vehicles for IRCS State/UT branches were made. Vice Chairman Shri Avinash Rai Khanna in the meeting proposed that all the Red Cross branches & blood centers should hold blood donation camps in such a way that in a single day we collect so much of blood that a world record could be created.

- State/UT branch leadership meeting was held where branches shared their activities undertaken during pandemic, placement of the oxygen concentrators, ventilators and oxygen plants given to them, status of financial and narrative report of the advances released to them, special needs evolving due to second wave, preparedness needed for the imminent third wave, keenness to run mobile medical clinics etc. In the meeting Secretary General proposed that all the branches should run mobile health clinics, emergency operation centres, blood centers in all States/UT capitals, interest of the branches in livelihood support program and start helpline services, vaccination awareness etc.

To ensure that the third wave does not come all the branches are requested to work in coordination with the local administration on the vaccination programs, awareness generation campaigns along with enhanced dissemination of covid appropriate behavior.

I urge all the State/UT branches to have at least 1 blood centre at their headquarters. This shall bring visibility & will enhance the positioning & branding of the Red Cross. I also suggest all branches to plan for Mobile Clinics and Helpline services which can easily serve remote areas & provide health care services to the vulnerable.

I would like to congratulate Mr. Manish Kashniyal, a Red Cross master trainer & a mountaineer who has made us all proud by unfurling the Red Cross flag at the world’s highest peak Mt. Everest. He is an ambassador of not only the Indian Red Cross Society but also of the entire Red Cross Movement. I have given him the task of spreading the spirit of the Red Cross & inspire youth to come forward to follow his footsteps.

I heartily appreciate little Sita, 8 years old living in Kingston NY for her concern & kindness during the pandemic by donating one lakh rupees to IRCS by selling tea, coffee, old toys, & books along with her friends. This will be surely an inspiration for others during these difficult times as every rupee counts towards the cause of covid relief.

I pay my homage to Mr. Mahesh Trivedi, Founder Member, Federation of Blood Donors Organisations of India. He was a leading member of the team that took Ahmedabad blood center to the top spot in the country in the voluntary blood donation program. May his soul rest in peace.

I would like to thank all the donors & volunteers for their kind & generous support, you are our real strength & it is because of your faith in us that IRCS can overcome any challenges.
IRCS NHQ Blood Center

“Give blood, give life.”

“No one has ever become poor by giving.”

With profound grief and sorrow, we inform about the sad demise of Mr. Mahesh Trivedi, Founder Member, Federation of Blood Donors Organisations of India. He was a leading member of the team that took Ahmedabad to the top spot in the country in the voluntary blood donation movement. He was also instrumental in setting up a blood transfusion center for Thalassemia children in 1983. Mahesh Ji was awarded the national honor in 1980 at the hands of the President of India for his work in promoting the voluntary blood donation movement. Some of the other awards and honors he received were:

On the occasion of celebrating 50 years of blood donation movement in Gujarat honored by Chief Minister of Gujarat Shri Narendra Modi and H.E the Governor of Gujarat.

H.D. Shourie Award In 2013 by Federation of Blood Donors Association at Chandigarh for his work of 4 decades in the field of voluntary blood donation and 3 decades in the field of Thalassemia

In 2013 he was honored by His Excellency the Governor of Gujarat for LIFETIME ACHIEVEMENT AWARD

In 2014 he was honored by Ashirvad Trust by giving Dharati Ratna Award for his humanitarian work of 5 decades at the hands of the Governor of Gujarat.

In 2018 he was honored by His Excellency the Governor of Gujarat for the establishment of Ahmedabad Red Cross Centurion blood donors club (with 107 members)

- He was honoured by H. E. the Governor on his birth date 9-2-2018 among 230 centurion blood donors of Gujarat State.

May his soul rest in peace.
